

GBI INTERNATIONAL SERIES 2024

TESLA TRANSCENDING SUSTAINABILITY THROUGH TECHNOLOGY & INNOVATION

Ir Ahmad Hadri Haris

Public Policy & Business Development Lead, TESLA Sdn Bhd

At Tesla, Ir. Ahmad Hadri partners with the government and stakeholders to create policies that accelerate the transition to sustainable energy, a mission aligned with his 26-year career advocating for renewable energy. He was pivotal in driving solar PV adoption in Malaysia, pioneering the Feed-in Tariff, and developing key national green energy policies during his tenure as CEO of the Malaysian Green Technology Corporation

Ar. Sarly Adre Sarkum

CEO of Greenbuildingindex Sdn. Bhd.

Ar. Sarly is a renowned architect, visionary leader, and passionate advocate for sustainability. As the CEO of Greenbuildingindex Sdn Bhd, the premier and internationally recognized green building benchmark, he continues to push the boundaries of sustainable architecture. He has also served as President of both the Malaysian Institute of Architects (PAM) and the Malaysia Green Building Council (malaysiaGBC).
